What Dyna Calamine Lotion is used for

Indicated for the relief of discomfort due to various skin disorders such as eczema, prickly heat, non-poisonous insect bites, itching and sunburn.

How Dyna Calamine Lotion works

It have skin protecting and astringent properties that relieve itching.

Before you use Dyna Calamine Lotion

- When you must not use it

Ask your doctor or pharmacists for advice before taking Dyna Calamine Lotion.

- Before you start to use it

Tell your doctor if you are hypersensitive to Calamine or other ingredients of the preparations.

- Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use Dyna Calamine Lotion

- How much to use

Apply sparingly onto the affected area. It should not be applied to open wounds or to raw surfaces of a large area.

The directions given may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

- When to use it

To be applied 3 to 4 times daily or as directed by your doctor or pharmacist.

- How long to use it

Continue taking Dyna Calamine Lotion as long as your doctor recommends.

- If you forget to use it

Take the missed dose as soon as you remember. If it almost time for your next dose, wait until then to use the medicine and skip the missed dose. Do not take a double dose to make up for the missed dose.

- If you use too much (overdose)

The preparation is well tolerated following the recommended directions.

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

- Things you must do

Use your medicine exactly as your doctor has told you.

Tell the doctor, dentist and pharmacist treating you that you are taking Dyna Calamine Lotion.

- Things you must not do

Do not take any new medicines without consulting your doctor or pharmacist.

Do not give Dyna Calamine Lotion to anyone else, even if they have the same symptoms or condition as you.

- Things to be careful of

Discontinue use and consult a physician if skin sensitivity or irritation develops.

Side effects

With the recommended directions, side-effects are unlikely to occur.
