## What Wincemol Syrup 120mg/5ml is used for

Wincemol Syrup 120mg/5ml is used for the relief of fever and mild to moderate pain including headache and toothache.

## How Wincemol Syrup 120mg/5ml works

Wincemol Syrup 120mg/5ml contains Paracetamol which belongs to a group of medicines called analgesic and antipyretic that helps to ease pain and reduce fever.

## Before you use Wincemol Syrup 120mg/5ml

### - When you must not take it

Do not take this product if you are allergic (hypersensitivity) to Paracetamol, Bisulphites or any other ingredients in this product.

### - Before you start to use it

This medicine should be given with care to patients with liver or kidney problems, alcohol dependence, and to patients taking other drugs that affect the liver.

### - Taking other medicines

Wincemol Syrup 120mg/5ml may interfere with warfarin and other coumarins (medicines to thin the blood). Always inform your doctor if you are taking any other medicines.

## How to take Wincemol Syrup 120mg/5ml

### - How much to take

Children 7 to 12 years:  
Take 10 to 20ml.  
Children 1 to 6 years:  
Take 5 to 10ml.

Infants 3 months to 1 year:

Take 2.5 to 5ml.

Do not exceed the recommended dosage. Administration to infants aged less than 1 month is not recommended.

### - When to take it

To be taken 3 to 4 times a day.

May be taken with or without food.

### - How long to take it

Take as directed by your doctor or pharmacist.

### - If you forget to take it

If you forget to give Wincemol Syrup 120mg/5ml to your child, give it as soon as you remember. Never double up on the next dose to make up for the one missed.

### - If you take too much (overdose)

Symptoms include pallor, nausea, vomiting, and stomach cramps or pain. In case of overdose, go to the accident and emergency centre at your nearest hospital immediately.

## While you are using Wincemol Syrup 120mg/5ml

### - Things you must do

Tell all the doctors, dentists and pharmacists that you/ your child is taking Wincemol Syrup.

- Check with your doctor at once:

1. If your child develops rash or allergic reactions.
2. If the pain persists for longer than 5 days for children or is getting worse.
3. If the fever last for more than 3 days or recurs.

### - Things you must not do

Do not take this product to treat any other conditions unless it has been prescribed by your doctor.

### - Things to be careful of

This preparation contains Paracetamol. Do not take this product if you are taking any other Paracetamol containing medicines at the same time.

## Side Effects

Allergy alert: Paracetamol may cause severe skin reactions. Symptoms may include skin reddening, blisters or rash. These could be signs of a serious condition. If these reactions occur, stop use and seek medical assistance right away.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by calling Tel: 03-78835549, or visiting the website [npra.moh.gov.my](http://npra.moh.gov.my) [Public → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

## Storage and Disposal of Wincemol Syrup 120mg/5ml
