What Cetrix is used for

It is used for treatment of wounds, burns, and other minor skin injuries.

How Cetrix works

Cetrimide is a relatively non-toxic antiseptic. It is active against certain microorganisms.

Before you use Cetrix

- When you must not use it
- allergic to cetrimide or other ingredients in the product.

- Before you start to use it
Avoid contact with the eyes. It should not be used in body cavities.

- Taking other medicines
The medicine is for topical application and will usually have minimal effect on other medication. However, please inform the doctor or pharmacist if taking other medicines.

How to use Cetrix

- How much to use
Apply to the affected area as required, or as directed by the doctor.

- When to use it
Please follow the advice of the doctor or pharmacist.

- How long to use it
You should check with your doctor or pharmacist.

- If you forget to use it
If you forget to use this medicine, use it as soon as you remember. Then continue using it at your usual time.

- If you use too much (overdose)
If you have used too much Cetrix, contact your doctor, an emergency department or a poison center immediately.

While you are using Cetrix

- Things you must do
Inform your doctor of all the medications you are taking.

- Things you must not do
Do not stop using medication although you feel better after a few days, until the prescribed course is finished.

- Things to be careful of
If you are pregnant, become pregnant, or breastfeeding, please inform the doctor or pharmacist.

Side effects

Cetrimide does not generally cause irritation, but some users may become hypersensitive to cetrimide after repeated use.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by calling Tel: 03-78835550, or visiting the website npra.moh.gov.my (Public → Reporting Medicinal Problems / Side Effects / AEFI / Vaccine Safety).

Storage and Disposal of Cetrix

- Storage
Store in a dry place below 30°C. Protect from light. Keep out of reach of children.

- Disposal
Ask your pharmacist how to dispose of medicines no longer required.

Product description

- What it looks like
White colour cream.

- Ingredients:
- Active ingredient: cetrimide
- Inactive ingredients: hard paraffin, cetostearyl alcohol and deionised water

- MAL number:
MAL19912090XZ
