## What Dyna Embrocation Oil is used for

Indicated for the relief of pain in the lower back down to each legs, due to an irritated or damaged nerve or sprains and other pain related to joints, tendons, ligaments, bones, and muscles.

## How Dyna Embrocation Oil works

Methyl salicylate and menthol are known as counterirritant. It work by causing the skin to feel cool and then warm. These feelings on the skin distract you from feeling the aches/pains deeper in your muscles, joints, and tendons.

Eucalyptus oil provide a warming, comforting sensation on the skin.

Camphor acts as rubefacient and mild pain relief.

## Before you use Dyna Embrocation Oil

### - When you must not use it

Do not use Dyna Embrocation Oil in infants under 2 years of age.

### Pregnancy and lactation

Ask your doctor or pharmacists for advice before using Dyna Embrocation Oil.

### - Before you start to use it

Tell your doctor if you are hypersensitive to the ingredients of the preparations.

### - Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a

pharmacy, supermarket or health food shop.

## How to use Dyna Embrocation Oil

### - How much to use

Apply freely as needed, rubbing and massaging in well. Bandaging or wrapping is not recommended.

The directions given may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

### - When to use it

Use as directed by your doctor or pharmacist.

### - How long to use it

Continue taking Dyna Embrocation Oil for as long as your doctor recommends. Consult physician if pain persist for more than 10 days.

### - If you forget to use it

Take the missed dose as soon as you remember. If it almost time for your next dose, wait until then to take the medicine and skip the missed dose. Do not take a double dose to make up for the missed dose.

### - If you use too much (overdose)

For those taking warfarin, excessive application on the skin for muscle or joint pains may increase chance of bleeding.

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

## While you are using it

### - Things you must do

Use your medicine exactly as your doctor has told you. Tell the doctor, dentist and pharmacist treating you that you are using Dyna Embrocation Oil.

### - Things you must not do

Do not take any new medicines without consulting your doctor or pharmacist.

Do not give Dyna Embrocation Oil to anyone else, even if they have the same symptoms or condition as you.

### - Things to be careful of

Caution must be exercised when older children are treated. Do not place any camphor-containing product into the nostril of children. A small amount applied this way may cause immediate collapse. Avoid getting into eyes or mucous membrane.

## Side effects

Skin irritation. Dizziness, ringing sound in the ears, deafness, sweating, nausea, vomiting, headache and mental confusion may occur.

Visit your doctor or pharmacist immediately if you experience any side effects after using this medicine. You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by calling Tel: 03-78835549, or visiting the website [npra.moh.gov.my](http://npra.moh.gov.my) (Public → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)).
