## What Royce Cinnarizine Tablet 25mg is used for

Royce Cinnarizine Tablet 25mg is used to treat the following:

- Body balance disorders – relieves dizziness and spinning sensation, persistent ringing in the ear, nausea, and vomiting as seen in Meniere's disease.
- control of motion sickness.

## How Royce Cinnarizine Tablet 25mg works

The active ingredient, cinnarizine, has antihistamine activity, relaxes the smooth muscles and dilate blood vessels.

## Before you use Royce Cinnarizine Tablet 25mg

### -When you must not use it

Do not take Royce Cinnarizine Tablet 25mg if you are:

- allergic to cinnarizine or any other ingredients used in this medicine.
- pregnant and breastfeeding

### -Before you start to use it

Tell your doctor or pharmacist if:

- you have allergies to any other medicines, foods, preservatives or dyes.

### -Taking other medicines

Please tell your doctor or pharmacist if you are taking or have recently taken any other medicines, including medicines obtained without a

prescription. Your doctor may need to change the dose of the other medications or take other precautions. In some cases, you may have to stop taking one of the medicines. This applies especially to the medicines listed below taken at the same time with cinnarizine:

- Medicines that will cause sleepiness such as tranquilizers, barbiturates, sedative-hypnotics and other central nervous system depressants.
- monoamine oxidase inhibitor (MAOI)

## How to use Royce Cinnarizine Tablet 25mg

### -How much to use

Adult and children over 12 years:

- Body balance disorders: One tablet to be taken three times a day.
- Motion sickness: One tablet to be taken 2 hours before travel and half tablet every 8 hours during journey.

Children 5 – 12 years: Half the adult dose.

Use in elderly: As for adults.

### -When to use it

Always take Royce Cinnarizine Tablet 25mg exactly as your doctor has told you. You should check with your doctor if you are not sure.

### -How long to use it

Continue taking the tablets for as long as your doctor recommends, unless you have any problems. In that case, check with your doctor.

### -If you forget to use it

Consult your doctor or pharmacist on what you should do if you forget to take a dose. Take the missed dose as soon as you remember. However, if it is almost time for your next dose, wait until the usual time to take your medicine. Do not double your dose to make up for the missed doses.

### -If you use too much (overdose)

If you accidentally take too many tablets, contact your doctor, pharmacist, or your nearest hospital emergency

department immediately. You might need urgent medical attention.

## While you are using Royce Cinnarizine Tablet 25mg

### -Things you must do

- Take your medicine exactly as your doctor has told you.
- Tell all the doctors, dentists and pharmacists treating you that you are taking Royce Cinnarizine Tablet 25mg.
- Tell your doctor immediately if you become pregnant while taking this medication.

### -Things you must not do

- Do not take any new medicines without consulting your doctor or pharmacist.
- Do not give Royce Cinnarizine Tablet 25mg to anyone else, even if they have the same symptoms or condition as you.

### -Things to be careful of

- Driving and using machines can cause drowsiness, which can make you less alert and reduce your driving ability. So you should be careful about using machines or driving while on Royce Cinnarizine Tablet 25mg.
- Avoid alcoholic drinks.

## Side effects

Like all medicines, Royce Cinnarizine Tablet 25mg can cause side effects, although not everybody gets them. Visit your doctor or pharmacist immediately if you experience any of the side effects after taking this medicine:

- Allergic skin reaction.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by calling Tel:03-78835549 or visiting the website [npra.moh.gov.my](http://npra.moh.gov.my) (Public → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)).
