What Mixt. Carminative is used for

It is used as an antacid.

How Mixt. Carminative works

Magnesium carbonate is an antacid. Sodium carbonate neutralize or buffer existing quantities of stomach acid. This results in increased pH value of stomach contents, thus providing relief of excessive acid symptoms.

Before you use Mixt. Carminative

- When you must not use it
 - Do not take Mixt. Carminative if allergic to its active ingredients or to other ingredients in it.
 - It should not be used in severe renal function impairment, undiagnosed gastrointestinal or rectal bleeding and intestinal obstruction..
- Before you start to use it
 - Use with caution:
 - pregnancy or breastfeeding
 - children below 6 years unless prescribed by doctor
 - dehydrated children or in those with renal failure.
- Taking other medicines
 - Tell the doctor if you are taking antibiotics, medicine containing iron, medicines for epilepsy, tranquilisers, milk and calcium. Also including any medicine that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use Mixt. Carminative

- How much to use
 - 10 – 20 ml three to four times daily.
 - Follow all directions given by your doctor and pharmacist carefully. They may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

- When to use it

Use as directed by your doctor or pharmacist.

- How long to use it

Continue taking Mixt. Carminative for as long as your doctor recommends.

- If you forget to use it

Consult your doctor or pharmacist on what you should do if you forget to use it. Take the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to take the medicine and skip the missed dose. Do not take a double dose to make up for the missed dose.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using Mixt. Carminative

- Things you must do
 - Take your medicine exactly as your doctor has told you.
 - Tell the doctors, dentists and pharmacists treating you that you are taking Mixt. Carminative.
 - Tell your doctor immediately if you are pregnant while taking this medication.
- Things you must not do
 - Do not stop taking the medicine unless advised by your doctor.
 - Do not take any new medicines without consulting your doctor.
 - Do not give Mixt. Carminative to anyone else, even if they have the same symptoms or condition as you.
- Things to be careful of
 - Special care is recommended during pregnancy and breast-feeding.

Side effects

Side effects which may occur are chalky taste, diarrhoea, increase in thirst, nausea, vomiting and stomach cramps. Visit the doctor or pharmacist immediately if you experience any side effects after taking this medicine.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by calling Tel: 03-78835550, or visiting the website npra.moh.gov.my (Public → Reporting Medicinal Problems / Side Effects / AEFI / Vaccine Safety).

Storage and Disposal of Mixt.

Carminative

- Storage
 - Store in cool, dry place below 30°C.
 - Protect from light. Keep out of reach of children.
