## What Egozite Baby Cream is used for

A soothing barrier cream to help protect against:

- nappy rash
- infant facial rash
- heat rash
- chafing
- infant eczema
- sensitive skin

## How Egozite Baby Cream works

- Egozite Baby Cream is a soothing, rich protective barrier cream that helps protect sensitive skin against nappy rash, irritation and inflammation.
- Egozite Baby Cream's rich base soothes skin whilst helping to protect from nappy rash.
- Egozite Baby Cream's moisturising formula helps keep wetness away from baby's sensitive and delicate skin.

## Before you use Egozite Baby Cream

### - When you must not use it

This product should not be used by individuals with known sensitivity to any ingredients of this product.

### - Before you start to use it

Please discuss with your doctor or pharmacist before using the product.

### - Taking other medicines

Currently there have been no reports of problems when this product is used with other medicines.

## How to use Egozite Baby Cream

### - How much to use

Apply generous amounts to affected areas.

### - When to use it

Apply to affected area at each nappy change.

### - How long to use it

Please follow the advice of the doctor or pharmacist.

### - If you forget to use it

If forget to use this medicine, use it as soon as remember. Then next, use this medicine at the usual time.

### - If you use too much (overdose)

Not applicable (topical preparation).

## While you are using it

### - Things you must do

Avoid contact with eyes. If irritation occurs, wash affected area and discontinue use.

### - Things you must not do

Do not use soap as it may irritate.

### Things to be careful of

If there is no improvement, consult your healthcare professional.

## Side effects

Although occasional cases of hydroxybenzoate-sensitivity do occur, the level of sensitisation is low compared to the extensive use of these preservatives. Allergy to any ingredient may cause skin irritation.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by calling Tel: 03-78835550, or visiting the website [npra.moh.gov.my](http://npra.moh.gov.my) (Public → Reporting Medicinal Problems / Side Effects / AEFI / Vaccine Safety).

## Storage and Disposal of Egozite Baby Cream

### - Storage

Store below 30°C. Keep out of reach of children.

### - Disposal

Egozite Baby Cream should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of Egozite Baby Cream that is no longer required. These measures will help to protect the environment.
