## What Diamond Embrocation Oil is used for

Indicated for the relief of pain in the back, nerves, sprains and other pain related to joint and muscle.

## How Diamond Embrocation Oil works

Camphor: Act as stimulant, ideal for nerves pain and other painful areas.

Menthol: As an analgesic effect, penetration enhancer to give a faster onset of action.

Methyl Salicylate: Used as counter-irritant and applied for the relief of pain in muscle or joints.

## Before you use Diamond Embrocation Oil

### - When you must not use it

Do not use Diamond Embrocation Oil in infants under 2 years of age.

Ask your doctor or pharmacists for advice before taking Diamond Embrocation Oil.

### - Before you start to use it

Tell your doctor if you hypersensitive to the ingredients of the preparations.

### - Taking other medicines

For those taking warfarin, excessive application on to the skin for muscle or joint pains may increase the chances of bleeding.

## How to use Diamond Embrocation Oil

### - How much to use

Apply freely as needed, rubbing and massaging in well.

\*Bandaging or wrapping is not recommended.

The directions given may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

### - When to use it

Use as directed by your doctor or pharmacist.

### - How long to use it

Continue taking Diamond Embrocation Oil for as long as your doctor recommends.

### - If you use too much (overdose)

Proper use of this medication, as directed, would not lead to overdosage problem.

## WARNING

Discontinue use if excessive irritation of the skin develops and consult the physician.

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

## While you are using it

### - Things you must do

Take your medicine exactly as your doctor has told you.

Tell the doctor, dentist and pharmacist treating you that you are taking Diamond Embrocation Oil.

### - Things you must not do

Do not take any new medicines without consulting your doctor or pharmacist.

Do not give Diamond Embrocation Oil to anyone else, even if they have the same symptoms or condition as you.

### - Things to be careful of

Caution must be exercised when older children are treated. It is dangerous to place any camphor containing product into the nostril of children. A small amount applied this way may cause immediate collapse. Avoid contact with eyes.

## Side effects

Skin irritation may occur. The systemic side effects such as dizziness, noises in the ear, deafness, sweating, nausea and vomiting, headache and mental confusion also may occur.

Visit your doctor or pharmacist immediately if you experience any side effects after taking this medicine. You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by calling Tel: 03-78835550, or visiting the website [npra.moh.gov.my](http://npra.moh.gov.my) (Public → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)).
